“If someone has a gun and is trying to kill you, it would be reasonable to shoot back with your own gun.”

— *Dalai Lama XIV*

**“Among the many misdeeds of British rule in India, history will look upon the act depriving a whole nation of arms as the blackest.”**

*– Mohandas Gandhi*

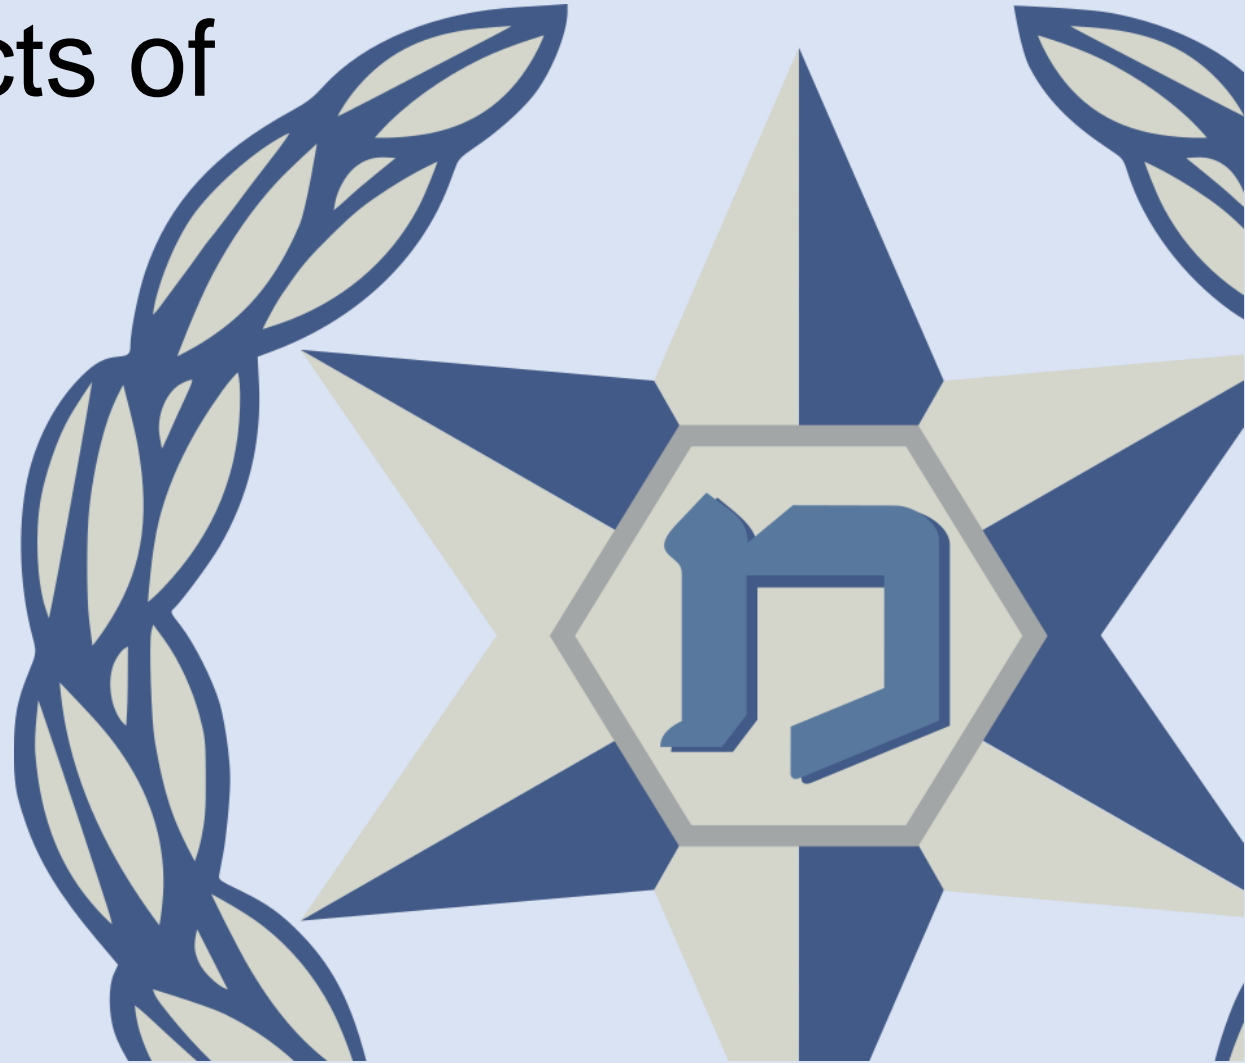

"The ruling class doesn't care about public safety. Having made it very difficult for States and localities to police themselves, having left ordinary citizens with no choice but to protect themselves as best they can, they now try to take our guns away. In fact they blame us and our guns for crime. This is so wrong that it cannot be an honest mistake."

- Sen. Malcolm Wallop (R, Wyo)

"There's no question that weapons in the hands of the public have prevented acts of terror or stopped them."

- Israeli Police Inspector General Shlomo Aharonisky

"No Kingdom can be secured otherwise than by arming the people. The possession of arms is the distinction between a freeman and a slave."

- James Burgh (1714-1775) British Whig politician

“Disarmament is the ideal of socialism. There will be no wars in socialist society; consequently, disarmament will be achieved. But whoever expects that socialism will be achieved without a social revolution and the dictatorship of the proletariat is not a socialist. Dictatorship is state power based directly on violence. And in the twentieth century — as in the age of civilization generally — violence means neither a fist nor a club, but troops. To put “disarmament” in the programme is tantamount to making the general declaration: We are opposed to the use of arms. There is as little Marxism in this as there would be if we were to say: We are opposed to violence!”

– *Vladimir Lenin*

“You must act  
with all energy.  
Mass searches.  
Execution for  
concealing  
arms.”

– *Vladimir Lenin*

“War can only be abolished through war, and in order to get rid of the gun it is necessary to take up the gun.”

– *Mao Zedung*

“You cannot  
run faster  
than a bullet.”

– *Idi Amin*

“In every country where independence has taken the place of liberty, the first desire of a manly heart is to possess a weapon which at once renders him capable of defense or attack, and, by rendering its owner fearsome, makes him feared.”

— *Alexandre Dumas,  
The Count of Monte Cristo*

*"From his weapons away, No one should ever stir one step upon the field. For no one knows, when need might have, of a sudden, a man of his weapon."*

– Odin from the Havamal,  
Old Norse poem

"A system of licensing and registration is the perfect device to deny gun ownership to the bourgeoisie."

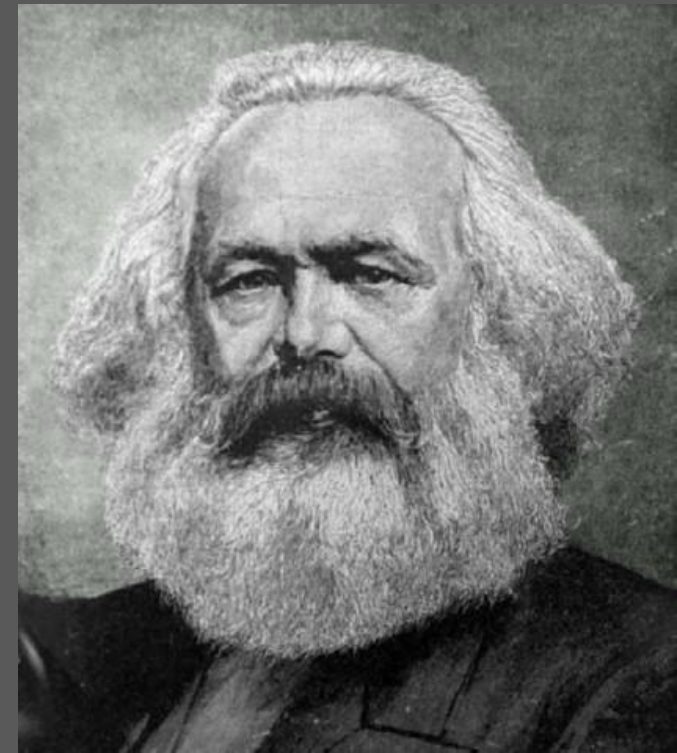

– Vladimir Ilyich Lenin

"When you disarm the people, you commence to offend them and show that you distrust them either through cowardice or lack of confidence, and both of these opinions generate hatred."

... Niccolo Machiavelli

**Some laws of state aimed at curbing crime are even more criminal. ... Friedrich Engels**

“One of the sequellae of Vietnam was the rise of the Khmer Rouge and slaughter of perhaps a million Cambodian citizens. Those citizens, like the Jews in Germany or the Armenians in Turkey, were unarmed and thus utterly and completely defenseless against police and paramilitary. An armed minority was able to kill and terrorize unarmed victims with total impunity.”

– Paul Hagar

“We shall defend our island, whatever the cost may be, we shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender.”

– Winston Churchill

*“Ideas are more powerful than guns. We would not let our enemies have guns, why should we let them have ideas?”*

*“The only real power comes out of a long rifle.”*

*“The United States should get rid of its militias.”*

*“If the opposition disarms, well and good. If it refuses to disarm, we shall disarm it ourselves.” ... Joseph Stalin*

"Make good scouts of yourselves, become good rifle shots so that if it becomes necessary that you defend your families and your country that you can do it."

- Lord Baden-Powell,  
*Scouting For Boys*

## *Ronald Reagan*

“Above all, we must realize that no arsenal, or no weapon in the arsenals of the world, is so formidable as the will and moral courage of free men and women. It is a weapon our adversaries in today’s world do not have.”

One of the first things the Nazis did throughout Europe was disarm the people so they could not defend themselves. Then they could be led like sheep to their slaughter. This is why Jews today say

**“Never Again!”**

Today, young men and women of Israel are all conscripted to serve the Israeli military, and trained how to use a gun. Because THIS is how it started:

**“To conquer a nation first disarm its citizens.”**

*– Adolf Hitler*

Many different people were sent to camps and killed, not just Jews. There were Catholics, Gypsies, Freemasons, resistance fighters, Jehovah’s Witnesses, disabled, and homosexuals.

History teaches us that self-defense is an absolute necessity against terrorists of all types.

Vigilance is requisite under any circumstance.

Unless you don't believe that history repeats itself, it would be wise to get a firearm and ammunition, and keep it handy. It's not paranoia, it is preparedness for inevitability.

We can help you with that choice.
